Team Name: sdmay21-
Team Members: Ryan Burgett, Giovanni Mejia, Jordan Heim, Eric Reuss, Presiian Iskrenov, Benjamin Fedderson
Report Period: Sept 14-Sept 27

Summary of Progress in this Period

We have conducted our weekly meetings and talked about our NDA and IP forms with our faculty advisor and our client. We are also starting to finalize a unanimous decision for which program language we want to use for our Console app and for Microsoft IIS applications.

Pending Issues

NDA and IP forms are still being finalized but hitting the final stage of the signing for the entire group.

Plans for Upcoming Reporting Period

Enabling IIS files and figuring out how to connect to the given test server from our Client. We also want to make some changes to the team website for the upcoming assignment.
