

Team Name: sdmay21- project 19

Team Members: Ryan Burgett, Giovanni Mejia, Jordan Heim, Eric Reuss, Presiiian Iskrenov, Benjamin Fedderson

Report Period: Oct 12-Oct 18

Summary of Progress in this Period

We have conducted our weekly meetings discussing details and frameworks for our project. We have also finalized our V2 of the Design Document, adding the final touches for our testing and design aspect.

Pending Issues

We have finalized the NDA and IP forms for our project and awaiting confirmation.

Plans for Upcoming Reporting Period

We are still in the works of choosing a solid framework for our project. TensorFlow was something thrown in there that we can fully utilize.
